

POORVI BAJPAI

Aspiring Software Engineer

@ poorvibajpai800@gmail.com 6391192006 India in poorvi-bajpai poorvi-bajpai

OBJECTIVE

- As an Engineer, my goal is to make valuable open-source contributions to Software Development. With a background in Information Technology, I'm dedicated to continuous learning and pushing the boundaries of innovation.

EXPERIENCE

Hack Your Portfolio | 🌐

📅 July 2024

- Improved web projects by fixing issues and adding new features.
- Worked on frontend projects like providing rank and progress graph of CodeForces Assessment and Recommendation.
- Showcased adaptability and web development skills.
- Tools:** Html, JavaScript, CSS, API.

Summer Training | 🌐

Full Stack Developer Intern

📅 July 2023 - Sep 2023

- Leveraged Puppeteer in Node.js for efficient web scraping.
- Improved scraping efficiency, reducing processing time significantly.
- Developed secure APIs for seamless backend-to-frontend data transfer.
- Utilized MySQL databases for reliable piracy data storage and retrieval via Workbench.
- Tools:** Node js, SQL workbench, Puppeteer, React

Internship | Bharat Intern | 🌐 Visit

Web Development Intern

📅 Jan 2024- Feb2024

- Improved web development skills by developing some projects.
- Showcased industry- level working on projects.
- Tools:** Html, CSS, JavaScript, API , GitHub.

PROJECTS

GRS Portal | 🌐 Visit

Html, CSS, PHP, JavaScript

📅 Aug 2023

- Developed a computer vision application using YOLOv4-tiny model for real-time object detection from live camera feeds.
- Designed an intuitive user interface featuring object selection buttons, enabling users to specify the objects for detection in images and video streams.

PROJECTS

Skill Assessment | 🌐 Deployed react, tailwind, python, fastapis, ai model

📅 July 2024

- Skill Assessment is a free and user-friendly platform designed to help users evaluate their CodeForces rank.
- Skill Assessment aims to provide summaries of your coding profile, eliminating the need for users to rely on legal expertise.

Monkey | 🌐 Deployed

ReactJS, Tailwind CSS, Express JS, firebase, APIs, Mongo DB.

📅 June 2024

- Designing and developing a fully functional e-commerce website.

EDUCATION

Bachelor in Technology, CSE(AI) University of Lucknow

📅 Aug 2024 - July 2027

Diploma in Computer Science Board of Technical Education, UP

📅 July 2021 - July 2024

SKILLS

C/C++

Python

Django

Bootstrap

Git

Vercel

JavaScript

SQL

PHP
